

If you feel the child in your child is not getting enough care from their social workers. Ask their legal counsel to recommend a Court Appointed Special Advocate to advocate for their best needs.

<https://www.azcourts.gov/casa/>

A lot of resources require a letter or documentation from the Department of Child Safety. Make sure you ask your child's DCS specialist for evidence that they are in your care. DCS specialists have a lot of additional resources. Ask for all the help possible!
